From the middle of August 2019 on we are looking for an English-speaking Montessori Assistant on a full-time basis who will work together with our English teacher in the English language class.

At our **bilingual Montessori school Deux Mille Feuilles** our children profit from total language immersion. They spend alternate weeks in each Montessori environment. Located in a beautiful forest setting we provide our children daily opportunities to discover, understand and respect nature.

If you have a firm understanding of the Montessori approach proven by your AMS or AMI Montessori Assistant Diploma, are always eager to learn more and are a caring, trustful and open-minded person then please send your CV, motivational letter and references in French or English to:
